

## DENON AVR-S570BT

### Welcome to 8K Home Theater

Bring movies to life in smaller spaces with amazing 8K picture quality and true surround sound. The AVR-S570BT features Dolby Vision™, HDR10+, and offers four HDMI inputs and one output with the latest HDMI specification. The 5.2 channel design delivers a full surround sound experience. Stream your favorite music tracks wirelessly via Bluetooth. The award-winning Denon Setup Assistant makes the Denon AVR-S570BT as easy to set up as it is to enjoy.

#### HIGHLIGHTS

#### YOUR BENEFITS

Powerful, discrete 5-channel amplifier

With up to 70W (at 8 ohms, 20-20kHz, THD 0.08%, 2ch driven), AVR-S570BT has enough power to drive any speaker for quality sound.

Advanced 8K HDMI connection

8K/60Hz, 4K/120Hz, HLG, HDR, Dolby Vision, HDR10+ pass-through, and 8K upscaling are supported on all four HDMI inputs and one output, for maximum bandwidth up to 40Gbps..

Enhanced gaming experiences

Supports Variable Refresh Rate (VRR), Quick Frame Transport (QFT) and Auto Low Latency Mode (ALLM) for smooth, lag-free gaming experience.

Simple, intuitive setup

Setup is simple. Our award-winning guided setup assistant provides clear, step-by-step instructions to get you started..

Easy wireless music streaming

Your favorite tracks at your fingertips. Stream music from your smart devices via Bluetooth.

Denon Quick Selects

Press one of the four Quick Select buttons to easily store and retrieve your favorite audio settings, such as input source, volume level, or sound mode.

Remote control app

The Denon 500 series AVR Remote app allows you to turn the receiver on and off, select an input source, adjust volume level, and browse music from your phone or a USB drive.

Over a century of innovation

Founded in 1910, Denon enables the moments that matter through the relentless pursuit of quality, innovation, and audio performance.

SINCE 1910 | DEFINING AUDIO EXCELLENCE

### Dolby Audio Technology

High-fidelity lossless Dolby TrueHD and Dolby Digital, Dolby Digital Plus signal decoder, and Dolby Pro Logic II upmixer for 2-channel audio signals to create a full 5.1 surround sound experience.

### DTS Surround Technology

High-fidelity lossless DTS-HD and DTS Surround, DTS 96/24 signal decoding, along with DTS Neo 6 upmixer for 2-channel audio signals to create a full 5.1 surround sound experience.

### HDMI Connectivity with ARC/eARC

Supports the latest technology on all HDMI inputs and the output. ARC (Audio Return Channel) or eARC (Enhanced Audio Return Channel) makes playing TV audio through your AV receiver simple with just a single HDMI connection. eARC provides HD and 3D audio transmission such as Dolby TrueHD, DTS HD Master Audio, and Dolby Atmos while ARC is limited to conventional 5.1ch audio formats or PCM.

### 8K/HDCP 2.3

Enjoy pristine picture quality on your 8K TV or projector. 8K/60Hz pass-through and 8K upscaling on 1080p or 4K content is supported on all four HDMI inputs and one output. Supports HDCP 2.3, the latest copy protection standard, for peace of mind when streaming copy protected content.

### HDR 10+

Supports HDR (High Dynamic Range), HLG (Hybrid Log Gamma), as well as Dynamic HDR and HDR10+ pass-through. HLG offers HDR technology over broadcast content. Both Dynamic HDR and HDR10+ use dynamic metadata to optimize shadows and highlights as screens change.

### Dolby Vision

Dolby Vision is a stunning HDR imaging technology that brings extraordinary color, contrast, and brightness to the screen. Compatible with Dolby Vision so you can enjoy Dolby Vision content from a compatible source device and TV.

### Next-generation gaming

4K/120Hz pass-through as well as Variable Refresh Rate (VRR), Quick Frame Transport (QFT) and Auto Low Latency Mode (ALLM) are supported on all four HDMI inputs and one outputs for a lag-free, smoother gaming experience when connected with the compatible gaming devices.

### ARC / eARC

ARC (Audio Return Channel) or eARC (Enhanced Audio Return Channel) makes playing TV audio through your AV receiver simple, with just a single HDMI connection. Also supports HDMI CEC so you can use your TV's remote to control TV power, AV receiver power, and the AV receiver volume level.

### Wireless music streaming via Bluetooth

Enjoy listening to your favorite audio content wirelessly from your smart devices.

### High-resolution audio via USB input

Discover the incredible fidelity of high-resolution audio tracks and enjoy music as the artist intended. A front USB port supports up to 24bit/192kHz hires audio playback from a USB drive. Supported audio formats are MP3, WMA, WAV, MPEG-4/AAC, FLAC, and ALAC.

### Quick Select

Press one of the four Quick Select buttons on the front panel to easily store and retrieve your favorite audio settings, such as an input source, volume level, or sound mode. You can also access Quick Select buttons on the Denon 500 series remote app downloaded on your phone.

### Denon 500 Series Remote App

This iOS or Android control app allows you to turn the receiver on and off, select an input source, adjust volume level, and browse music from your phone or in a USB drive when connected to the receiver.

### Dual subwoofer outputs

Immerse yourself in evenly distributed, accurate bass. Two subwoofer outputs smooth out low frequencies and provide better dispersion. No audible peaks or dips—just powerful, room-filling bass.

### Setup Assistant on TV

The award-winning Denon guided setup assistant provides simple, clear instructions to get started. Just connect your AV receiver to your TV and follow the instructions on the TV screen to connect your speakers, perform speaker measurements, and connect source devices.

### Auto setup and room EQ

As part of setup, follow the instructions on your TV to complete speaker setup and measurement using the included microphone. The receiver uses the measurements to optimize sound for the room, bringing the best out of your system. Just sit back and enjoy great sound.

## Technical Information

<b>Number of Power Amps</b>	5.1
<b>Power Output</b>	70 watts per channel (8 ohm, 20Hz-20kHz, 0.08% 2ch Drive)
	90 watts per channel (6 ohm, 1kHz, 0.7% 2ch Drive)
	140 watts per channel (6 ohm, 1kHz, 10% 1ch Drive)
<b>Other</b>	
Compatible with Remote APP for Smart Phones	Denon 500 Series Remote
Auto Speaker Setup by Microphone	Yes
Front Display	1 line
GUI Languages	English, Japanese, French

<b>General</b>	
System Remote Control	RC-1254
Power Consumption	310
Power Consumption (No Sound)	26W/35W
Standby Consumption in W	0.1
CEC Standby Consumption in W	0.5
Maximum Dimensions (WxDxH)	17.1 x 13 x 6
Weight (lbs)	16.8

## Ports

<b>VIDEO</b>	
HDMI In/Out	4/1
